Ticket #: TS-117695

Date: 1/23/2026 4:06:00PM **End Date/Time:** 01/23/2026 10:30 AM
Service Type: Non-Emergency Response **Problem:** Vehicle Indication Out
Caller: Bob Dunn
Technician: Jovaughny Harmon

Details: Bob in PW reports the LT green at Flosden and Via Bellagio (closer to Corcoran Ave) is taking a very long time to turn green or may be out entirely. Frequently observed around 3:30 PM.

Notes: No problem found with detection or indications at time of observation. Controller does run in coordination during 3:30 PM. Coordination timing is per timing sheet. Controller clock is accurate. Increased phase 5 detector loop sensitivity from 3 to 6. Observed operations, all ok.

Service Type: Non-Emergency Response **Problem:** Not Cycling
Caller: Bob Dunn
Technician: Joshua Abraham

Details: Bob in PW reports the SB LT onto Via Bellagio from Flosden is not cycling.

Notes: Inspected the detection for the SB LT from Flosden onto Via Bellagio. Detection is good. Calls are going into the controller and being served correctly. Took pictures of the timing sheet for further investigation. Observed operations, all ok.
